Trophy Bonded Sledgehammer Solid Bullets

The legendary Trophy Bonded[®] Sledgehammer[®] Solid is now available as a component bullet for handloaders. The time-tested design bonds a lead core to a thick brass jacket to achieve bone-crushing penetration on the toughest, most dangerous game on the planet. Its flat nose minimizes deflection for a straight, deep wound cavity, and the grooved shank improves accuracy across an array of rifle platforms.

Features & Benefits

- Core is bonded to a thick bronze jacket
- Flat nose design minimizes deflection for a straight, deep wound cavity
- Grooved shank improves accuracy across all gun platforms
- 25-count packs
