## RELOADING

### Federal Premium Unprimed Brass

Reloaders who insist on the best trust Federal Premium® brass cases. The company has been producing the industry’s finest brass since the early 1950s, when the first centerfire rounds rolled off its machines, and the tradition continues today. Federal Premium now offer a wide variety of unprimed brass for a full range common rifle and handgun cartridges, including the all-new 224 Valkyrie.

### Features & Benefits

- Industry’s best brass
- Precise dimensional tolerances ensure peak accuracy
- Consistent volumes and performance
- Case shoulders and necks are annealed for long life and easier resizing
- 50- and 100-count bags
