## 100-YARD EXPANSION

The Hunter Match bullet's hollow-point design expands reliably out to 100 yards, making it a true long-range hunting option for 22 Long Rifle.

## LONG RANGE MEETS LONG RIFLE

Serious small game and varmint hunters demand more from their rimfire loads. Hunter Match 22 Long Rifle raises the bar, providing true long-range accuracy and terminal performance. The hollow-point lead bullet has been tuned for optimum penetration and expansion out to 100 yards, and its high-velocity loading provides the flat trajectories and energy to take down any target.

## SQUIRREL SNIPER

Hunter Match's high velocity and supreme consistency result in unmatched long-range terminal performance from the 22 LR platform.

## Best 22 Rimfire Ammo I've Used

*No misfires, awesome accuracy. I shoot lots of ammo out of this rifle and I've been very happy with this load #720. I'm getting good hits out beyond 200 meters. I like it, but the prairie dogs don't.*

**Yes, I recommend this product.**
